Young Man Dies From Gas Fumes

Nils Lutro, 18, who was found unconscious in his small house at Champion Tuesday morning of last week, the victim of gas fumes, died in Carmangay hospital Saturday morning.

Despite repeated blood transfusions, he had failed to rally from the poisonous effects of the fumes.

He had been an employee of the town of Vulcan for the past six months and had moved to Champion only a few days prior to his accident. He was a native of Norway and had only been in Canada since May of this year, coming from Norway with his uncle and aunt, Mr. and Mrs. Andrew Sokvitne of Vulcan, who had been visiting there. He is survived by his mother, one sister and one brother, all in Norway.

Funeral services will be held at the Vulcan United Church on Thursday, Nov. 24 at two o'clock, with Rev. J. S. Clarke officiating. The body will be cremated in Calgary and the ashes shipped to Norway for burial.

THE WEATHER

Although temperatures moderated somewhat over the weekend, sub-zero weather returned to this part of the province on Tuesday of this week, with the mercury sinking to 15 below Tuesday night and a forecast high for Wednesday of 5 below. This has been one of the earliest prolonged cold spells on record.

Vulcan-Barons Group Submits Brief

Ask That Towns' Interests Be Protected In Re-routing of Gas Export Lines

The proposed change in routing of the Pincher Creek feeder gas line from the viewpoint of how it might affect the supplying or price of gas to the town of Vulcan and the villages of Champion, Carmangay, Barons, and Nobleford was considered at a meeting of representatives of these points held last week. As a result of the meeting, M. R. Morrison, deputy-mayor of the Town of Vulcan, was authorized to represent the Vulcan-Barons group of towns at the hearing of the Gas Conservation Board in Calgary Nov. 22.

Proposed re-routing of the main gas export line, if approved, will mean re-routing of the Pincher feeder line to a point 18 miles further south than originally planned, with a possibility that the longer pipeline required to service the towns from Nobleford to Vulcan would raise the price of gas to the consumers in these towns.

A well-worded brief was prepared by Mr. Morrison and was presented by him on behalf of the group of towns at the hearing in Calgary on Tuesday of this week. The brief was very well received, its bearing on the matter being that Alberta communities that could be economically served by feeder lines as originally proposed should not be penalized by having to pay considerably more for gas as a result of re-routing of such lines.

Preliminary talks with officials of the Canadian Western Natural Gas Co. have disclosed that, if they secure the franchise for supplying gas to the Barons-Vulcan group of towns, they are prepared to make an early start on the project and would be able to service these towns with gas in 1957. If gas can be bought from the Alberta Trunk Lines at 10¾ cents per m.f.c. at the feeder lines, rates to be charged to the Vulcan-Barons group of towns would be approximately the same as rates now being charged in Raymond, Cardston and Magrath.

The hearing in Calgary is being continued on Friday and the decision on whether or not re-routing of the main gas export line and the Pincher Creek feeder line will be approved can be expected soon.

Summing up the situation, it would appear that the Vulcan-Barons group of towns can be reasonably sure of having natural gas in 1957 and that re-routing of the Pincher feeder line will affect this possibility only in the matter of price.

Three Sets of Twins in Grade 1

Three sets of twins in one classroom could be confusing, but Mrs. Ruby Schierman, who teaches one of the Grade 1 classes in the Vulcan Public School, has no problems in this respect. Of the three sets of twins in her room, only one set are identical twins and Mrs. Schieman has her own method of telling them apart.

The top picture shows the pair who thoroughly confused the Advocate cameaman when he visited Mrs. Schierman's classroom last week. They are Marilyn (on the left) and Carolyn Webber, six-year-old daughters of Mr. and Mrs. Clifford Webber of the Vulcan district, and a very cute pair of girls.

The six-year-olds shown in the centre picture are Melvina and Melvin Johnson, twin daughter and son of Mr. and Mrs. Oscar Johnson of Vulcan. Melvina was just a little dubious about the whole business and wasn't taking her eyes off the camera for even a second.

The two sturdy boys shown in the bottom picture are the twin sons of Mr. and Mrs. Alex Grant of Vulcan. Donald is on the left and Douglas on the right. They are not identical twins.

MacLeod-Clayton Wedding Rites

A wedding of interest, both here and in Eastern Canada, was solemnized recently in the Church of Christ, Vulcan, when Sadie Sheridan Clayton, only daughter of Mr. and Mrs. Gordon E. Clayton, exchanged vows with Eagle Harris MacLeod, elder son of Staff Sergeant and Mrs. Earle K. Macleod of Camp Borden, Ontario, and formerly of Halifax, Nova Scotia. Mr. J. R. Chapman officiated at the double ring ceremony.

The bride, who was given in marriage by her father, chose a waltz length gown of white rosepoint lace and nylon net. Designed in strapless mode the gown featured a lace jacket with soft, rolled collar, lily point sleeves and opened over the shirred net bodice of the gown. Her full length veil of illusion net was bordered by mother-of-pearl and fell from a coronet of pearls and rhinestones and she carried a white Bible topped with a deep red rose. Streamers of red rose buds and stephanotis fell from the Bible to the hemline of her gown. Her only ornament was an amethyst locket which had belonged to her great-grandmother.

Miss Donna Lloyd, of Lethbridge, and formerly of Vulcan, was maid of honor and chose a pale rose lace and net waltz length gown. The gown was strapless and was topped by a matching lace jacket. She wore a bandeau of pink net and small pink flowers and carried a colonial bouquet of feathered carnations.

Lindsay McCartney, of Calgary, cousin of the bride, was flower girl and wore a waltz length dress of blue nylon sheer, dotted with tiny pink roses. She wore a matching bandeau of blue net and tiny blue flowers and carried a colonial bouquet of sweetheart roses. Best man was Cecil Johnston and Donald Larkins and Allan Thomas acted as ushers. Mrs. N. Budd was pianist and accompanied Mrs. G. Gardner who sang, "Let Me Claim You For My Own," before the ceremony and "O Promise Me" during the signing of the register.

A reception for 50 guests followed at the home of the bride's parents. The bridal couple was assisted in receiving the guests by the parents of each and Miss June Joiner was in charge of the guest book. For her daughter's wedding the mother of the bride chose a dark blue tweed afternoon dress with which she wore winter white accessories, and a corsage of sweetheart roses. The groom's mother wore a pale rose tweed suit trimmed with black velvet with which she wore matching accessories and a corsage of feathered carnations. The bridal table was centered with the decorated wedding cake, topped by a large red rose and flanked by tall white tapers. The toast to the bride was given by Harris Matlock and telegrams of congratulations were read by Allan Thomas from the bride's uncle and aunt in Winnipeg and the groom's grandparents in Halifax.

For a wedding trip to the West Coast the bride changed to a dark blue worsted suit which she had designed and made. She carried a princess style Royal blue boucle coat trimmed with black velvet and her accessories were of black velvet. Her corsage was the red rose from her bridal bouquet.

Upon their return Mr. and Mrs. Macleod will reside in Edmonton.

Latest Styles Displayed At Fashion Show

The annual fall fashion show and tea, sponsored by St. Aldhelm's Anglican Guild, with the Betty Ann Shop displaying the latest styles, was held Saturday afternoon in the IOOF hall.

For the occasion the front of the stage was decorated with a huge, colorful rainbow and a profusion of bronze baby 'mums.

With Mrs. M. L. Todd providing soft music on the piano and Mrs. D. O. Jantzie as a most able commentator, the 15 models paraded the lovely fashions that will be worn by little sister, big sister, mother and grandmoher this winter.

Nearly 100 articles, including street clothes, afternoon and party dresses, skirts and sweaters, jackets and coats, as well as casual wear, a ski outfit, pyjamas and house coats, in the latest materials and rich fall colors of autumn, were declared the prettiest shown in many a season.

Tweed was possibly the most outstanding material shown, appearing over and over again in the ever popular skirt, combined with gay or dainty sweaters of orlon, wool, nylon and other fabrics.

Complementing each lovely ensemble was millinery from the Betty Ann Shop and costume jewellery from Bassett's Jewellery store. Mrs. Don Mitchell was in charge of selecting the right necklet, pin, earrings, to add the just right touch of glamor.

Mrs. Ruth Northcott and Mrs. Uretta McIver assisted by Mrs. S. Joiner, Mrs. Margaret Richardson and Mrs. Shirley Franks were responsible for the costume changes and other dressing room details.

Those who kindly modelled the lovely outfits were Gwen McKay, Ollie Atkinson, Dorothy Clark, Alice Voisey, Edo Andrews, Jeanne Anderson, Mae Spaeth and Marie Clarkson. The misses were Gerry McKay, Shirley Northcott, Patsy Robertson, Lynne Richardson, Marilyn Joiner and Arlene Anderson.

Mrs. Northcott presented ladies who assisted her with flowers in appreciation of their help.

The tea and bake sale was well patronized, as was the bazaar table.

Boys Win, Girls Lose In Basketball

On November 10, Vulcan was host to Champion for a basketball game. Champion won the girls game 18 to 5; and Vulcan boys defeated Champion by a score of 30 to 19. High scorer for the Vulcan girls was Irene Earl with 3 points; while Freda Hupp and Beverly Decker got 6 points apiece for the Champion girls. Michael Jantzie was high scorer for Vulcan boys with ten points, and Spencer Nichols, and Loran Nicholas got 6 points apiece for Champion.

On November 18, Vulcan split their games with Arrowwood, at Arrowwood; the Arrowwood girls winning by a score of 13 to 10. Vulcan boys won by a score of 73 to 19. High scorer for Vulcan girls was Irene Earl with 6 points; while Alice Jessep netted 7 for the Arrowwood team. Ken Jesse was the Vulcan boys high scorer with 17 points and D. Wyatt got top scoring for the Arrowwood team with 10 points.

Vulcan's next game is at Carmangay o November 25.

Stork is Winner In Hospital Race

The stork won a race with the car bringing Mrs. Berton Hingley of the Champion district to the Vulcan hospital Wednesday morning of last week. Mrs. Hingley gave birth to a baby girl in the family car halfway to Vulcan.

Although the temperature was hovering around 20 degrees below zero at the time, both mother and baby survived the ordeal, and Dr. A. D. Tompkins reported that both are fine. A mechanical difficulty with the car that greatly reduced its speed, and the fact that the baby was a little premature were the reasons given for the unusual delivery.

Couples Clubs Plan Conference

The Conference of Couples Club in the High River United Church Presbytery will be held in the Vulcan United Church on Sunday, November 27 at 3 p.m.

The purpose of this conference is to strengthen the work of the clubs now organized and further the formation of new clubs. With this object in view, this conference has been called to set up, if found advisable, a Couples Club Council for the High River Presbytery.

Featured speakers at this conference will be Rev. John S. Clarke, Vulcan, President of the High River Presbytery; Miss Gladys Cummings of Calgary, delegate to the Young Adult Conference held at Whitby, Ont., in August of this year; C. N. Vanderputten, Past President of the Calgary United Church Young Adult Council; and Rev. Morris A. Johnson, Edmonton, who is Field Secretary for Christian Education of the United Church Alberta Conference.

Make Donation Veterans, Hospital

The November meeting of the Ladies Auxiliary to the Canadian Legion, held in the Legion hall last Wednesday, was attended by 21 members. Mrs. Earl Carruthers, the president, was in the chair and conducted the meeting assisted by the secretary, Mrs. A. C. Marsh.

Mrs. Grace Welch and Mrs. Ruby Campbell whose application for membership were received at the previous meeting, were initiated and welcomed as new members.

Corrspondence was read and dealt with and donations of $10 each were voted to the Canadian Institute for the Blind and to the Girl Guides, the latter in recognition of the assistance of the girls to the Auxiliary on several occasions.

The regular annual donation of $80 to the Provincial Veterans' hospital Fund was also made.

It was decided to hold the December meeting one week earlier than usual, namely on Wednesday Dec. 14, at which time election of officers will be held and a social evening will follow the business session. Members are reminded that a "Christmas Pie" will be opened and also that the raffle of the curling sweater will be made.

At the conclusion of the meeting lunch was served by a committee.

Evangelist At Church of Christ

The series of special meetings with Edward Benoit, well known Canadian evangelist and Bible exponent, opened earlier this week at the Vulcan Church of Christ.

This is Mr. Benoit's second series of meetings with the local congregation. He was here last in 1952 for a three weeks campaign and because of his wide acceptance at that time has been brought back again.

Designed to strengthen the congregation and to create new interest throughout the community, the meetings, which are open to the public contain a question period, special music, and other features along with the regular song service and sermon.

Early indications from the opening services show promise of one of the most outstanding religious gatherings in the community for some time.

The series will close during the second weekend in December.

Five times as many Canadians live in towns and cities as live on the farms.

Town Council Meets

Approval Given For Grain Storage in Curling Rink

At the regular November meeting of the Vulcan town council, permission was granted the Vulcan Curling Club to lease the new section of the curling rink to United Grain Growers Ltd., for grain storage for a period of not less than two years. The revenue derived from using this part of the rink for grain storage is to be used towards installing artificial ice in the curling rink.

This part of the rink housed three sheets of ice. It is being filled with wheat this week after being reinfored, and otherwise prepared by the grain company. The curling club will operate, for the next two years at least, with the three sheets of ice in the older part of the rink.

Dry Cleaning Plant

William Yee, who is planning to install a dry cleaning plant in the building formerly occupied by Mac's Meat Market and Fleming's Groceteria, was present at the meeting and requested that he be allowed to construct a fireproof room in the present building rather than build an addition to the building to house the dry cleaning equipment. This matter was referred to the provincial fire inspector at Lethbridge and permission for Mr. Yee to do this has since been received.

Other Matters

Town Building Inspector Bruce Roe was authorized to attend a five - day plumbing inspector's course in Lethbridge in January.

ARMADA

Picture Butte visitors on Monday included Mr. and Mrs. L. Stokes, S. Chambers, S. Marks, J. Urdal and G. Sealock.

Mr. and Mrs. R. Beagle, Mr. and Mrs. F. Stokes motored to High River on Monday.

G. Root, M. Henrickson and A. Marks canvassed the community last week striving to get as many farmers as possible to join the FUA in their Jubilee Membership drive. Good results were reported.

Little Lana Stokes was a very sick little girl last week suffering from a severe attack of pneumonia.

Mr. and Mrs. G. Craine are spending a week visiting relatives in Calgary.

Mrs. A. M. Beagle and Hazel returned home after spending sometime in Edmonton.

Mr. and Mrs. C. Lund visited friends in Queenstown on Saturday.

Rod Vaile of Calgary was a business visitor to Armada last week.

Mr. and Mrs. R. Stokes and boys were Sunday guests of Mr. and Mrs. E. Vanatta of Milo.

Seems as though everyone is going in for television in this part of the country and as a result our weekly shows are really taking a beating. Lately the crowds have been so poor that they are not clearing expenses and as a result the shows will "fold" up if the admission does not improve in the next couple weeks. Mind you, TV is okay, but what's better than getting out to a show once a week, and seeing all your friendly neighbors again.

The Armada community are holding a chicken supper in the Armada Memorial Centre this Saturday, Nov. 26, from 6 to 8 p.m. Everyone is welcome and after supper why not stay and enjoy a few games of Bingo.

Mr. and Mrs. S. Marks, accompanied by Mrs. F. Stokes were Calgary visitors on Monday.

The Local No. 12 of the FUA held their monthly meeting in the local hall on Monday night after it was postponed twice before due to the nasty, cold weather. Guest speakers were Mrs. F. House, president of the FWUA, of Arrowwood, and Mrs. Smiht of Reld Hill. During the meeting was appointed, namely F. Stokes, R. Beagle and A. Marks to contact the local elevator companies and inquire about a building built by the farmers and used by the grain company to store grain. Another committee was selected to secure a delegate to attend the five day convention in Edmonton. Lunch was served at the close of the meeting.

Bobby Herman was a patient in the local hospital Wednesday, where he had his tonsils removed.

From Our Correspondents

MAJORVILLE

Mr. and Mrs. Leslie Greaves left last Saturday to make their home in Calgary. Since being stricken with polio two years ago Les has used crutches to get around and although he remained on the farm there are just too many chores a handicapped person does only with difficulty. We are glad Les has found work he can cope with in the city, and all his friends wish him lots of luck in his new sphere.

Friends in the district will be sorry to know that Mrs. Hughes suffered another heart attack after she returned to her home in Chicago. Latest word from her daughter Mrs. Alf Heather, who is in Chicago with her mother, is that she is much better. We all hope she will soon be back to her normal health.

Mr. and Mrs. Jack Deitz were in Edmonton during the week, where back attended the Municipal Districts Convention.

Safety Sam Says...

Watch how you pass other cars when in a hurry!

How often have you seen a car suddenly try to pass on the right—squeezing through at an intersection, possibly forcing you to take evasive action to avoid being sideswiped.

It's trying on the nerves to say the least—it can cause a serious accident.

When in a hurry, there is always a strong temptation to take advantage of the other driver to make time. Suppress this ur ge and let your sense of fair play and courtesy prevail.

Better days are here for Phil Fraser!

In all his years of railroading, Engineer Phillip Fraser has seen some big changes.

"Rolling along in this smooth diesel locomotive," says Mr. Fraser, "is a real thrill — a far cry from driving the old steam jobs. Its extra power gives it quicker pick-up and more speed on the grades. Besides, it can run from coast to coast without a change. That's what I call progress!"

Phil has seen progress in the *life insurance* business too. As a family man, he knows that this business offers better service today than ever before.

Take life underwriters, for instance. Modern training makes these men better qualified to guide people through the complex problems of planning for future security.

Today, too, life insurance is more *flexible*. There's a wider range of plans — allowing people to meet their own individual needs.

Moreover, people with certain physical handicaps, can now enjoy the protection of life insurance.

In these and other ways, the life insurance companies in Canada have progressed with the times to meet the changing needs of people in all walks of life!

MAJORVILLE

(Held Over)

Some embarrassing moments during masquerades have recently been revealed. One young matron, thinking she had recognized a member of the young married set who was wearing a face mask, the eyes of which were much lower than they should be, went up to him and tapping him on the shoulder said "Can you see where you are going?" Evidently annoyed at being so accosted the owner of the odd mask snapped in reply, "Well I haven't stumbled into you, have I." Treating the whole thing as a joke the matron retreated to where she came from as it certainly was not the person she expected. Another incident concerns a masquerader dressed as a sailor. A young fellow seeing the sailor having the time of his life with the young girls and deciding that the whole get-up looked familiar, sauntered up to the sailor lad and with a hearty slap on the back that almost knocked said sailor to the floor, gave out with a hail fellow well met greeting that only sailors understand. However, the sailor lad recovered his balance and without a word went on dancing. How do you suppose the young fellow felt at midnight when the sailor unmasked and he found it was his own mother. Such are the things that happen at masquerades but they add up to fun for some one.

The slick surface of wet asphalt roadways has sent many a motorist limping to the garage with flattened fenders and shattered headlamps. But now research engineers have come up with something that sharply reduces this accident hazard. When their special aluminum oxide abrasive is applied to the road surface, it cuts down by more than 30% the stopping distance of your car when you apply the brakes at 30 m.p.h.

. . . So in addition to saving weight and work in a thousand everyday and special applications, aluminum may prove a major factor in saving lives, too.
